

Your Name: Terry Hofaker

Teammate Name: Danielle Gillotte

Assignment: Peer Review, Math Tutor V1

Date: Sep. 11, 2026

I liked working with Danielle because she stayed productive even when things went wrong. She had a positive attitude even though we had a setback when the entire team was gone at the start of the day. She was productive once we started, so we could catch up with the rest. The only thing I could say she could work on was being prepared for class, which was a minimal issue.
