

Your Name: Terry Hofaker

Teammate Name: Charlie Lamski

Assignment: Peer Review, Math Tutor V1

Date: Sep. 11, 2026

I liked working with Charlie because he got to work even though he was gone for the first two days. He had a positive attitude even though we had a setback when the entire team was gone at the start of the day. He was productive once we started on the third day, so we could catch up with the rest. The only thing I could say he could work on was being prepared for class, which was a minimal issue.
